Office of Attorney General Notes

Crime in South Dakota is a compilation of the hard work of law enforcement statewide. This publication reflects the dedication and tenacity that reporting agencies have put forth to accurately report crime in their jurisdictions. Effective law enforcement across our state is strengthened by having access to accurate crime statistics from across the state. This data helps our law enforcement professionals to identify trends in criminal activity.

The Office of the Attorney General commends all the hard-working men and women of law enforcement. This report is an invaluable tool which can be used to identify trends in criminal activity, establish priorities, and allocate resources. The office of the Attorney General thanks all those who have worked so hard to compile this report, and all the agencies statewide that diligently and accurately tracked and reported crimes.

In 2021, the total participation rate was 91.16% with 101 agencies participating. This is a decrease of 3 agencies.

Note: Due to technical issues with the record management system used by a majority of SD Local Law Enforcement agencies, we did not receive some 2021 incident data. This may account for the major differences you see in this publication when comparing total numbers reported to prior years. Also, due to an unexpected change in staffing, there was no ability to perform an audit on any data received or on any data missing for 2021.

Introduction

National Incident-Based Reporting System (NIBRS) is a cooperative effort among city, county, and state law enforcement agencies. The Division of Criminal Investigation's (DCI) State Clearinghouse (Criminal Statistical Analysis Center) for NIBRS provides participating agencies with the necessary application required for crime reporting. Agencies can use our web-based software or if they have a private vendor and their own RMS (Records Management System), they may export their data and send it in to the Criminal Statistical Analysis Center (SAC) on a monthly basis. The SAC then imports any data sent in by agencies. All data received either through the State's web-based system or imported is then submitted to the Federal Bureau of Investigation (FBI) where national reports, such as Crime in the United States, are generated.

Certain constraints should be noted in interpreting the collective data for the State. It must be noted that Indian Reservations are not included as they do not report crime statistics to the SAC. Indian Reservation crime data is collected directly by the FBI. Comparing data year to year gives a good picture of crime trends; however, keep in mind when comparing these figures to previous years that there is a difference in the number of agencies reporting each year. Also, these figures cannot be compared to data released by the FBI, as the FBI uses estimations for non-reported data. The deadline for submitting 2021 crime statistics to the FBI, is March 15, 2022.

This publication is the twelfth time the crime book was published in NIBRS format. Starting in 2008, the SAC only accepted NIBRS data. NIBRS is an incident-based reporting system designed to collect data on each incident and arrest within that occurrence. The most significant difference between NIBRS and the traditional summary Uniform Crime Reporting (UCR) system is the degree of detail in reporting. Unlike the summary UCR system that collects data on only eight (8) Part I crimes, NIBRS collects 24 crime categories made up of 52 specific crimes called Group A offenses. In addition to the Group A offenses, there are 11 Group B offense categories for which only arrest data are collected. The Hierarchy Rule is not used in NIBRS. Therefore, if more than one crime was committed by the same person or group of persons and the time and space intervals separating them were insignificant, all the crimes are reported as offenses in the same incident.

The population figures included in this publication were obtained from the FBI. The FBI UCR Program obtained city/town and county decennial population counts for year 2010 and the July 1st 2010-2020 population estimates from the U.S. Census Bureau. The UCR staff computed individual rates of growth from one year to the next for every city/town and county. Each agency's rates of growth were averaged; that average was then applied and added to its 2015 Census population figure to derive the 2020 population estimates. The resident county population sum of 894960 was used. The information included in this report was generated by a combination of these population figures and data collected through the National Incident-Based Reporting System from the participating agencies.

The Full Time Employment numbers are obtained by the SAC every year. This figure is calculated by the number of full time sworn law enforcement officers and full time civilian staff whom are employed by active agencies as of October 31, 2021.

In NIBRS, there are no "fixed" statistics because law enforcement agencies update their incidents as new information becomes available. These figures are based on statistics that were analyzed for a twelve-month period beginning January 1, 2021 and ending December 31, 2021. The data included in this report can only be as accurate as the data provided by each reporting agency.

In accordance with SDCL 23-3-18.1, a letter was sent June 11, 2020 and again on February 4, 2021 to all Tribal Chairmen and Presidents to collect information on any murdered Indigenous persons on Indian Country. A liaison with Oglala Lakota Sioux Tribe contacted this office to express their efforts to continue talks on this matter. The table represnted on page 42 are incidents investigated on Indian Country and reported by the Federal Bureau of Investigation. These homicides are not inculuded in any other tables included in the Crime in South Dakota Publication.

Note: Due to technical issues with the record management system used by a majority of SD Local Law Enforcement agencies, we did not receive some 2021 incident data. This may account for the major differences you see in this publication when comparing total numbers reported to prior years. Also, due to an unexcepted change in staffing, there was no ability to perform an audit on any data received or on any data missing for 2021.

Cleared Exceptionally

When the law enforcement agency has enough information to make an arrest, but cannot locate the offender to do so, then, the complaint is considered solved or cleared by exceptional circumstance, rather than by arrest. An incident can be cleared by the reasons listed in the table.

Bias Motivation (Hate Crimes)

Because of the difficulty of ascertaining the offender's subjective motivation, bias should be reported only if investigations reveal enough objective facts to lead a reasonable and prudent person to conclude that the offender's actions were motivated in whole, or in part, by biases.

Murder and Non-Negligent Manslaughter Supplemental Information

Offender Data

Offender Data included demographic information of each offender involved in a crime incident whether or not an arrest has been made. The object is to capture any information known to law enforcement concerning the offenders, even though they may not have been identified. There are, of course, instances where no information about perpetrators is known. And as with victim data, offender's demographic information may be reported under more than one offense.

South Dakota Criminal History Arrests

DCI is responsible for processing and updating the South Dakota Criminal History. This is a fingerprint-based process. When an offender is arrested, their fingerprints are taken and submitted to the DCI ID by either livescan or ink and roll. The ID Specialists identify the individual by their fingerprints and update the criminal history with the new arrest information. Below are the total numbers of cards, by month, received and processed by the ID Section.

Glossary

ADULT: A person 18 years of age or older.

ARREST: The act of taking into custody by authority of law, to charge him or her with a criminal offense or to initiate juvenile proceedings.

CLEARANCE: An offense is cleared, or solved for crime reporting purposes, when at least one person is arrested, charged with commission of the offense and turned over to the court for prosecution. Provision is also made for clearance in certain "exceptional" situations.

CLEARANCE RATE (TOTAL): The number of clearances divided by the total number of offenses, expressed as a percent. The formula is:

$$\frac{\text{Number of Clearances}}{\text{Number of Offenses}} \times 100$$

Offenses are reported as they become known to law enforcement agencies. Clearances are scored as they are made. Therefore, it is possible for the clearance rate to exceed 100 percent for a time period. Both clearances by arrest and exceptional clearances are included.

CRIME INDEX: Classification of seven offenses used as an indicator of crime. Crime Index offenses are murder and non-negligent manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, and arson.

CRIME RATE: The number of known offenses per 100,000 population. The formula is:

$$\frac{\text{Number of Offenses}}{\text{Population}} \times 100{,}000$$

Crime rates per population unit are employed to remove the effect of differing sizes of law enforcement service areas, permitting the examination of reported crime on an equalized population basis. "Per 100,000 population" is generally utilized to preclude the rates for infrequently occurring offenses from being expressed as very small numbers.

ETHNICITY: Hispanic or Latino is an ethnicity and not a race. There are White Hispanic or Latino and Black Hispanic or Latino. Ethnic origin is recorded at the discretion of the reporting agency. This designation includes persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

EXCEPTIONAL CLEARANCE: When the law enforcement agency has enough information to make an arrest, but cannot locate the offender to do so, then, the complaint is considered solved or cleared by exceptional circumstance, rather than by arrest. For example, a crime may be cleared by exceptional circumstance when an offender has died, moved out of state, or when extradition has been refused.

GENDER: A person’s gender is always reported as whatever they were assigned at birth. Even if a person was born a male and he later had a sex change operation to become a female, this individual would be reported as male.

JUVENILE: A person 17 years of age or younger.

JUVENILE ARREST: For purposes of Uniform Crime Reporting, a juvenile should be counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be tallied. When a law enforcement officer places a juvenile in custody for a specific offense, including status offenses, an "arrest" is scored. Law enforcement contacts with juveniles where no offense has been committed are not scored as arrests. Juveniles taken into custody for their own protection, such as in neglect cases, are not scored as being arrested if they have not committed an offense.

UCR uses the term "arrest" for both adults and juveniles to describe apprehension.

JUVENILE CRIME: The only measure of juvenile crime available through Uniform Crime Reporting is the number of juvenile arrests (number, rate, and percentage of total arrests).

PROPERTY CRIMES: Sub classification of the Crime Index which encompasses burglary, larceny, motor vehicle theft, and arson.

RACE:

Asian or Pacific Islander – A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent including, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

> Note: the term “Native Hawaiian” does not include individuals who are native to the state of Hawaii simply by virtue of being born there.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

RESIDENT: a person who maintains his/her permanent home for legal purposes in the locality where the crime took place. Federal, state and county law enforcement agencies would base their determinations of residency on the town, city, or community where the crime occurred rather than their broader geographical jurisdictions. Concerning university/college campuses only persons living on campus (in dormitories, etc.) would be considered residents if victimized within the confines of the school property; a campus LEA should report the crime.

STATUTORY RAPE: The carnal knowledge or the attempted carnal knowledge of a female with no force used and the female victim is under the legal age of consent.

UNFOUNDED COMPLAINTS: A complaint which is determined through investigation to be false or baseless. If the investigation shows that no offense occurred nor was attempted, the reported offense can be deleted for NIBRS reporting purposes. The findings of a coroner, court, jury, or prosecutor do not unfound offenses or attempts which law enforcement investigations establish to be legitimate.

VICTIM: A victim, in this publication, is an individual person who has had a violent crime committed against him or her. Victims, here, are described by age, sex, and race.

VIOLENT CRIMES: Sub classification of the Crime Index which encompasses murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault.
